

# Building on the Promise of Tomorrow

## Chorus

Building on the Promise of Tomorrow  
Standing on your grace for us today  
For your love has bid us come and follow  
Precious Lord: light the path, lead the way

## Verse 1 - Fellowship

We are your people, your family, your own  
By water and Spirit begun  
Lead us to love with the love that you have shown  
Bind us together as one

## Verse 2 - Mission

Open our eyes to the harvest, ripe and full  
Darkness in need of your light  
Send us to shine out to every darkened soul  
Send us to waken the night!

## Verse 3 - Discipleship

Feed us and lead us that by your grace we grow  
Give us a heart that is true  
Deepen our faith, and your will teach us to know  
Build up our lives in you

## Verse 4 - Service

All that we have, all we are, and hope to be  
All this we offer to you  
Make us your body, your hands, your voice, your feet  
Willing your service to do

## Verse 5 - Worship

O Lord, we long to be where your praise is heard  
Come to us now in this place  
Here 'round your table, and spoken in your word  
Blessing shines forth from your face
